

ANDREA NOESKE-PORADA IS AN ARTIST WHO IS INSPIRED BY GEOMETRICAL FORMS AND FOLDS WHICH SHE TRANSFORMS INTO TEXTILE MATERIALS. THE DIFFERENT OBJECTS SHE CREATES WITH HER ART REFLECT A NEW DEVELOPMENT, ESPECIALLY IN FELT ART. SHE SAYS ABOUT IT:

In my artistic work, the construction is often in the foreground, whereby the changeability and liveliness of the finished object is important to me. Textile materials are by their very nature construction materials, their lightness, their omnipresent availability, their malleability and flexibility, but also their targeted or spontaneous changeability make them the ideal working material for me.
